For DMVR SCCA Members,

September/October is the time we start to work on events for next year. I am very interested in members opinions on 2018 season to date and how we should change for 2019.

Each of us also need to think about how we want to be a part of DMVR in 2019. Elections are coming up sooner then we think and Currently, we have 3 positions open for next year, Regional Executive, Solo Rules and Solo events. I encourage you to consider "Stepping Up" to a stronger role in the club. We have a lot of energetic new talent and we need to get those individuals involved.

Thank you to all that helped plan and work at the Regional Racing /TT event at RPM. Even though the car count was down the workers and competitors had a great time. At the event, we crowned the MiDiv Time Trials Champions. The 27 cars in attendance competed for double points and a chance at a divisional championship. We have listed the individual winner later in Drifting, but I would like to thank those DMVR members that put in the extra effort to make this happen. A Special thanks to Zach Bertness for his dedication to making Time Trials Tech happen. He attended 6/7 events and was Chief of Tech for TT while competing in the series. Over the next few months, I will highlight those extra efforts for DMVR events.

Regards,

Erich Pfalgraf

Discussion about Jerry and Randy stepping down and new potential role changes with other board members and other potential members taking on roles.

Discussion about TT events. Budget what need for car counts and Hallett had 12 TT drivers. Discussion about joint SCCA organization.

Walking Rally great turnout but meeting should not be combined next time. Or at least separate board meeting.

STREET SURVIVAL UPDATE

Sadly the update is that there will be no Fall class date. We simply haven't been able to find a suitable site to hold a class.

The school where we held the Jun class isn't available during the school year. The back pocket site we had isn't ready yet this Fall.

So said, please pass the word to the parents you had talked to, and ask them to check the streetsurvival.org web site for class dates in the surrounding areas this Fall.

And, to all: If you know of a site that meets the following criteria let one of the 3 of us know:

Harlan: hdonald234@hotmail.com

Fred: fourbells1@mchsi.com

Bob: bobmulleninwdm@gmail.com

Here are the criteria for our search:

3-4+ acres of asphalt/concrete unimpeded by lots of light poles or islands.

Access to fire hydrants.

Something to use as a classroom.

No, we will be holding classes as long as there are teen drivers.....
